DESCRIPTION

The AreaMax LED luminaire for street and area lighting is a robust, utility-grade luminaire designed to last for years. Easy to install, the AreaMax saves energy and maintenance time. Perfect for residential street lighting, parking lots, or rural security applications requiring either full cutoff, or maximal visibility with a diffuse, low-glare light. AreaMax ship with Photocontrol Failsafe™ built-in and the option to activate ConnectLED™ features with the purchase of the Evluma custom Bluetooth application. A dimmable driver, 0-10V, comes standard.

reuse existing photocell
with S3 option (dome lens shown)

Evluma integrated photocell with P
option (flat lens shown)

Construction & Finish

Cast aluminum housing with gray powder coat. Hinged access panel is galvanized steel with spring clips to allow for easy open and close. Color by custom order. Add suffix -BLK for black or -BRZ for bronze.

Optical (lens)

AreaMax is the original low-glare luminaire. A textured glass drop or flat lens with a white, optical-grade reflective film liner combine to create a bright yet low-glare, diffuse light.

Electrical

Evluma proprietary Class II driver. 0-10V Dimming. Patented. 120-277 VAC 50/60 Hz high capability surge protection for 20kV/10kA per ANSI C136.2 - 2018 Extreme Location Category C-High.

Thermal Management

LED life is ensured by thermal management protection circuitry that controls current levels to the LEDs based on temperature. Critical components were selected for their minimal thermal resistance then paired with a custom light engine and casting design to maximize cooling.

Mounting

Stainless steel tenon clamp and stainless steel screws accept 2" (5.08 cm), or 1 1/4" (3.17 cm) diameter arm.

Integrated Photocell

Evluma's robust integrated photocell shortens installation time. This UV-resistant, polycarbonate photocell meets FM 4473 impact resistance.

ConnectLED™

Unlock additional savings with ConnectLED. ConnectLED uses Bluetooth BLE to securely control individual luminaires. Quickly connect or disconnect a luminaire from service. Resolve light trespass or glare complaints with dimming. Available as an Apple or Android app.

Photocontrol Failsafe™

When a photocell fails, Photocontrol Failsafe takes over, eliminating a truck roll and guaranteeing dusk-till-dawn operation.

Lumen Maintenance

L70 (10,000) >55,000

L90 (10,000) >55,000

L70 (TM21) >100,000

LM at 10,000 hours >97%

All AreaMax are listed on the DLC QPL.
For a list of DLC Premium vs. DLC Standard,
please visit: designlights.org/qpl.

Dark Sky Approved
We are proud to offer multiple
AreaMax models that have
received the Dark Sky Seal of
Approval.

Flat lens models (C) with U0, offered in 3000K or
2700K are IDA compliant, www.darksky.org

Nominal lumen values reported.
Normal tolerance $\pm 10\%$. Individual fixtures may vary
with LED bin variance and ambient temperatures.

EVLUMA AREAMAX®

DIMENSIONS (inches)

Accessories

AX-LTS4 Unfinished aluminum light trespass shield (order separately)

Coastal Environmental Package Option

Corrosive coastal environments have unique requirements. A housing made from a low copper content, cast aluminum alloy plus an aluminum access panel, a stainless steel tenon clamp and all stainless steel fasteners guarantee longevity in harsh, wet environments. Required for applications 2000 ft. from a salt water body. Salt Spray (Fog) Test 3000 hrs.

Components	Standard	Coastal
Housing	cast aluminum alloy	cast aluminum alloy (low copper content)
Coating	polyester powder coat	polyester powder coat
Access Panel	galvanized steel	aluminum
Tenon Clamp	stainless steel	stainless steel
Bolts	stainless steel	stainless steel
