

CAPITAL BASE SPECIFICATION

BUILD-YOUR-OWN ACORN BASE
OMNIMAX COMPATIBLE CAPITAL FITTER FOR DECORATIVE FIXTURES

CF8-PC
CF8-NC

DESCRIPTION

Easily create your own customized decorative acorn fixture starting with the capital fitter. This fitter can be ordered with or without an integrated photocontrol in black, green or bronze and is designed to fit an 8" neck acorn globe. Fits 3" & 4" poles. Fitter is available as part of Evluma's Build-Your-Own Acorn post-top lighting solution.

CF8-PC
(photocontrol installed)

Construction & Finish

Fitter is cast aluminum with a ceramic mogul (E39) socket. Paint is a durable Tiger Drylac powder coat that has excellent weather and UV resistance and meets and exceeds AAMA 2604 standards.

About the Photocontrol

Evluma has specified a utility-grade, fail-on photocontrol with an IR-Filtered phototransistor for the CF8-PC. This 120-277 VAC ANSI C136.24 photocontrol draws less than 0.4 watts and is IP65.

Warranty

5 year warranty on fitter finish.
10 year warranty on photocontrol.
