

Catalog No. MVI1-21-27-22

Product Details

UPC: 783786243372

Details: Molded Vacuum Interrupter, Single-Phase, 27kV, 200 Amp Termination

Product Details

Details

Catalog No.	MVI1-21-27-22	UPC	783786243372
Description	INTERRUPTER, VAC 27KV 1 PHASE -22	GSA Compliance	No
Std. Package Weight	1.000 LB	Discount Schedule	9J
Product Family	9JT	CCC	
Restock Fee		Currency	USD
Customer Reference No.		Notes	No standard price available. Book price displayed
Brand Name	ELASTIMOLD	Package Qty.	1
Minimum Order Qty.	1	Country Or Territory Of Origin	United States

General Characteristics

Category	Vacuum interruptor
Special Features	EPDM Molded Rubber Insulation. Field Programmable with a Wide Range of Time-Circuit Characteristic (TCC) Curves and Trip Settings. Control Monitors the Circuit Condition.
Application	Make, Carry and Automatically Interrupt Currents
Voltage Rating	27 kV
Amperage Rating	200 A
Material	EPDM Rubber Insulation
Phase	Single Phase
Operating Temperature	-40 to +65 C

Dimensions and Classifications

Brand Name	ELASTIMOLD
Standard	ANSI C37.60, IEEE 386, ANSI C57.12.28
Length	30-5/8 in , 778 mm
